

ARRIVE AT HAPPY

Tia Graham

Founder of Arrive At Happy
Speaker & Best-Selling Author

Audio Visual

Tia requests a wireless lavalier microphone.

Tia will not be speaking from behind a lectern as she likes to move for audience engagement. Please remove the lectern from the stage for her keynote.

Please provide an LCD projector and screen with the ability to play both video and sound.

Tia uses an apple laptop and travels with dongles to ensure her computers are compatible with both VGA and HDMI setups. She will have her presentation on her laptop and a USB memory stick. In the event you would prefer she uses your laptop; she can send her presentation up to 48 hours before the event.

Tia normally arrives one hour before her presentation for A/V check. Tia's team will work with you to schedule the exact time that works best for you.

If you will have a professional photographer or videographer in attendance, please fill out a recording form.
